The Committee is constituted for a period of two years from the date of issue of order.

Functions:

The committee shall guide the students to

- Expose to the industrial environment, which cannot be simulated in the classroom and hence creating competent professionals for the industry.
- Provide possible opportunities to learn, understand and sharpen the real time technical/managerial skills required at the job.
- Expose to the current technological developments relevant to the subject area of training.
- Organize classroom discussions with the experience gained from the Industrial Internship.
- Create conditions conducive to quest for knowledge and its applicability of the job.
